

# “WHEN THE PROJECT CHANGES, DON'T PUSH THE DEADLINE, PULL IN THE RIGHT TEAM.”

## DIGITAL MASS ENGAGEMENTS ARE FLEXIBLE SO YOU CAN SCALE SALESFORCE THE RIGHT WAY.

Every engagement with Digital Mass includes a core team who knows the business inside and out, plus the power of the FlexPool which allows us to scale the right way for the business.

## WE LOOK FOR OPPORTUNITIES TO OPTIMIZE

All engagements include a Digital Mass Solution Manager who will serve as the product owner proxy, leading our local team to ensure quality, consistency and timely delivery. They'll work everyday to identify opportunities to accelerate the project when and where it makes sense, adding (or removing) FlexPool resources to keep your project on track.

## OUR LOCAL TEAM IS ALWAYS READY

With Digital Mass, all of our Salesforce consultants are onsite working together from our office here in Minnesota. Team members from multiple groups have exposure to your project and can jump in fast. We don't use any offshore resources and with everyone together, there's little ramp up and no churn.

## REDEFINE YOUR COMPANIES RELATIONSHIP WITH THE WORLD'S TOP CRM.

Talk to Liam at Digital Mass to learn more about how Minnesota's premier Salesforce development partner will bring you the horsepower you need, when you need it.
